State Sunday-School Convention.

The Thirty-eighth Annual Convention of the Kentucky Sunday-school Association meets at Lexington August 18th, 19th, 20th. An exceedingly strong and attractive program has been arranged. Prof. E. O. Excell, of Chicago, the great composer, whose songs are sung and loved all over the world, and who is to-day the most renowned leader of sacred music in the world, will lead the music. It will be worth the trip to hear and know him. Mr. W. C. Pearce, of Chicago, one of the best-known and best-loved Sunday-school workers of America will be on the program at each session. He comes to represent the International Work, having recently been chosen an officer of that Association. He is an attractive speaker, a lovable man, and a consecrated Christian. Mrs. Mary Foster Bryner, another International worker of world-wide fame will be with us. It is her first visit to Kentucky and a treat is in store for our workers. Besides these, the very finest speakers of the State will be on the program.

Each school is entitled to one delegate for each one hundred or fraction thereof; each county to ten delegates at large, all ministers being ex-officio delegates. One fare, plus 25 cents, for the round trip has been granted by all railroads in the State. Delegates will be entertained free upon enrollment and the payment of one dollar to the entertainment committee.

Credentials must be secured from your County President or Secretary. Names should be sent in not later than August 15th to the Chairman of the Entertainment Committee, Mr. O. E. Hannab, Lexington. For full information and program, address E. A. Fox, General Secretary, Room 19, Louisville Trust Building, Louisville, Ky.

The Misses Hunter, Beulah and Rena, who have been sojourning at Swango Spring, as guests of Rittenhouse Ranch, will leave this week for their home at Louisville, very much to the regret of all who had the pleasure of their acquaintance. Come again, ladies.

Every teacher attending the Institute this week should avail of the opportunity to take THE HERALD, at any rate, and if they want all the state and general news, the Courier-Journal, also. Both will be mailed to any address for \$1.

Don't fail to read the quarterly report of the Farmers' and Traders' Bank published with this issue. Is an institution of which any community might be proud, and Campton is to be congratulated.

Catarrh of the Stomach.

When the stomach is overloaded; when food is taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves, and causes the glands to secrete much, instead of the natural juices of digestion. This is called Catarrh of the Stomach. For years I suffered with Catarrh of the Stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure.—J. R. Rhea, Coppell, Tex. Sold by all druggists.

Robert J. McLin left Tuesday for Jackson, taking in his store at Hampton en route. He may extend the visit to Winchester and Lexington, as business is the paramount object.

STRAY SHOTS.

Frank T. O'Hair of Paris, Ills., is spending the summer in Europe.

The crops in the middle West are fine and the Kentucky colony in Coles county seem to be prosperous.

Letcher Trimble of Newman, Ills., is doing some contract work at Paris. He has erected several houses this season.

Misses Ethel and Pearl Harmon of Warrensburg, Mo., are visiting the family of Mr. and Mrs. Thos. Frazier of Bushton, Ills.

Frank Trimble, of Memphis, Tenn., was in Northern Illinois a few days ago to interest Northern capital in Southern investments.

There is a great demand for labor in and about Terre Haute, Ind. Wages are high and teaming good. Manufacturing plants are numerous and work was never more plentiful. Some of your citizens who want to migrate, would do well to locate in this section.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

TOMORROW Earl Whitney and Claud O'Brien will pay the penalty for the crime of murdering A. B. Chinn with their lives, the Governor having refused to interfere with the verdict of the Fayette Circuit Court. The execution will take place in the jail yard at Lexington, at 8 o'clock, A. M. Only the officials of the county, newspaper reporters and a few others will be allowed in the enclosure. Both of these young men are mere striplings, and yet by bad associations are brought down to an ignominious death. The moral that their execution should teach is one that should be studied closely by every youth in the land, and in the study of it they should resolve to shun evil of every kind, lest they, too, be dragged down to death.

The hope was expressed last week that ere this the third well at Campton would prove as complete a success as was the two former. But drilling had to be suspended for lack of water, and there is now no telling when operations will be resumed. The very fact that two wells developed there have proved good producers of a very superior quality of oil has excited and attracted capitalists at every point of the compass, and it was thought should the third well prove of equal value Campton would become the center of the oil industry in Kentucky. Even now it ranks as the best producing territory in the state, and we congratulate the people of that place upon their good fortune.

WM. FARNAU, a gentleman who was in our town a few days since, told us that it was said at Jackson that when the trial of Jett and White comes up at Cynthiana the prosecution will introduce two new witnesses, viz: Miss Laura Rawlins and Robert Fulkerson. He said that it was also current that one of the Hagins brothers had some new testimony to introduce in the case of the same nature.

The Kidneys and the Skin.
If the kidneys are weak or torpid, the skin will be pimply or blotchy. Hood's Sarsaparilla strengthens and stimulates the kidneys, and clears the complexion. By thoroughly purifying the blood it makes good health.

CAMPTON, KY., July 20, 1903.
Spencer Cooper, Hazel Green, Ky.

Dear Sir:—I wish to say through the columns of your paper, for the benefit of overseers of country roads of Wolfe county: The legislature at its last session took the responsibility off of county judges and made the overseers responsible to the grand jury for the condition of their roads. The County Judge has very little power or control over the road matters now, except to keep overseers on all sections of road. I want to advise and urge the overseers to put their roads in good condition at once as the Circuit Judge will be asked at our next court to give special instruction on the road question. As the public looks to me for better roads I am compelled to call on the grand jury to indict overseers where they fail to do their duty. Until last year the County Judge had power to assess fines on overseers if they failed to do their duty, but that law is repealed. I am ready and anxious to lend any assistance in my power to have better roads. The county will pay for lumber for bridges or dynamite to blow stones out of roads. Hoping to see lots of work done on our roads in the next 30 days, I am

Yours very truly,
J. W. CONGLETON,
Judge Wolfe Co.

I have practiced medicine for 36 years and have consulted the leading physicians in this country in regard to a remedy for Dyspepsia, but have never been able to find anything that would affect a cure until I used Kodol Dyspepsia Cure. I have suffered with stomach trouble for years. Could not eat anything but milk toast for months, but since I used Kodol I can eat anything and feel that my health is better than it ever was in my life. I cannot say enough for Kodol, for it has saved my life and I know that it will cure any case of Dyspepsia if taken as directed.—M. D. Settle, M. D., Big Hill, Ky. Sold by all druggists.

WANTED—A boy or girl to set type in this office, one with some experience preferred. This is a splendid opportunity for a young lady of some education to equip herself as a proof-reader—a position that pays from \$15 to \$50 per week—as type-setters make the most expert readers. And nothing could be more refined.

THE FORD'S BLACK-DRAUGHT FOR CONSTIPATION

Constipation is nothing more than a clogging of the bowels and nothing less than vital stagnation or death if not relieved. If every constipated sufferer could realize that he is allowing poisonous filth to remain in his system, he would soon get relief. Constipation invites all kind of contagion. Headaches, biliousness, colds and many other ailments disappear when constipated bowels are relieved. The Ford's Black-Draught thoroughly cleans out the bowels in an easy and natural manner without the purging of calomel or other violent cathartics.

Be sure that you get the original The Ford's Black-Draught, made by The Chattanooga Medicine Co. Sold by all druggists in 25 cent and \$1.00 packages.

Morgan, Ark., May 25, 1901.
I cannot recommend The Ford's Black-Draught too highly. I keep it in my house all the time and have used it for the last ten years. I never gave my children any other laxative. I think I could never be able to work without it on account of being troubled with constipation. Your medicine is all that keeps me up.
C. E. McFARLAND.

Eczema

How it reddens the skin, itches, oozes, dries and scales! Some people call it totter, milk crust or salt rheum. The suffering from it is sometimes intense; local applications are resorted to—they mitigate, but cannot cure. It proceeds from humors inherited or acquired and persists until these have been removed.

Hood's Sarsaparilla positively removes them, has radically and permanently cured the worst cases, and is without an equal for all cutaneous eruptions. Hood's Pills are the best cathartic. Price 25 cents.

The Teachers' Institute has been in session here this week, and while many of the teachers are quite young to preside upon the pedestal of a pedagogue, they nevertheless bear the stamp of intelligence, and it is safe to say that not one among them will fail to teach the young idea how to shoot. Along with the impress of intelligence so generally noticeable is a large amount of beauty and loveliness among the females. Indeed, they are well described as "a bevy of beauty and a bower of brilliance." No section can show more beauty to the square mile than the mountains generally, and Wolfe county has her pro rata of prettiness. All in all, in books, looks and language the institute now closing will compare favorably with any in the state.

The Foundation of Health.

Nourishment is the foundation of health—strength. Kodol Dyspepsia Cure is the one great medicine that enables the stomach and digestive organs to digest, assimilate and transform all foods into the kind of blood that nourishes the nerves and feed the tissues. Kodol lays the foundation for health. Nature does the rest. Indigestion, Dyspepsia, and all disorders of the stomach and digestive organs are cured by the use of Kodol. Sold by all druggists.

Prof. Cord had the misfortune on Monday evening to lose his old family and saddle horse, "Blackhawk." The horse was running in the campus and stepped into a posthole with his right foreleg, breaking it just below the knee joint. The fracture was so bad and the horse so old that he had to be killed to save him from suffering.

A. Howard Stamper, Esq., of Campton, was in town yesterday, and in a conversation with "our man about town" he said he was a candidate for Commonwealth's Attorney in event A. Floyd Byrd, the present incumbent, did not run for Circuit Judge. Should that gentleman make the race for the judicial ermine he thinks it would be unwise for two from the same county to run, and we see where he is right.

Jimmie Perkins returned from Mt. Sterling Tuesday and reports that the cattle market at that place Monday was one of the dulllest on record. He sold only one out of 20 head or more, and left the bunch near Mt. Sterling on grass. The sheep market was also a slump, but those contracted for were taken, of course. The main cause for this is on account of the drouth that obtains in that section. There has been no rain about Mt. Sterling for months and grass is very short.

The Hazel Green Oil and Gas Co. will begin drilling on the Lee Carkey farm the latter part of this week, and the outcome is looked forward to with much interest, as it will be the first well sunk in this section.

Just About Bedtime

Take a Little Early Riser—it will cure constipation, biliousness and liver troubles. DeWitt's Little Early risers are different from other pills. They do not gripe and break down the mucous membranes of the stomach, liver and bowels, but cure by gently arousing the secretions and giving strength to these organs. Sold by all druggists.

Dr. Harlan Stamper, dentist, made a flying visit to Campton Monday.

The many friends of Mrs. Robert Samuels, who formerly lived here, will be glad to know that she is enjoying good health and prospering. She keeps a hotel at Poplar Plains, in Fleming county, in connection with which she runs a millinery shop, and she enjoys a good patronage for each. Col. Samuels died in the asylum at Lexington, and Mrs. Samuels was left without means, practically, but the late Collis P. Huntington remembered her in his will and bequeathed her several hundred dollars, with which she was able to go into business. We glean the above facts from Henry Cecil, an optician from Hillsboro, Fleming county, who is stopping at the Day House. He says that he boarded with Mrs. Samuels for three years, and speaks in highest terms of her treatment.

The postoffice at Spradling was abolished some months ago because no one could be found who cared to assume the responsibility for the revenue. Now, however, that the residents of that neighborhood have to go to Stillwater to get their mail, they are clamoring to have it re-established and several have agreed that rather than put up with existing disadvantages they will accept the appointment of postmaster, even though the pay is small. It is very annoying to have to go to Stillwater for mail, and the country around Spradling has a population entitling them to have a postoffice in their midst. For that reason we hope the authorities will see that the office is re-established.

John Davis, on Saturday completed his contract on the West Liberty Bank, which covered the brick work, and the building will be ready for occupancy by September 1. He has also entered into a contract to build a two story brick hotel for Whit Cecil, on the site of the recently burned hotel, and will begin work in about two weeks.

Curt Quicksall has been visiting his sister, Mrs. W. T. Swango, near Mt. Sterling, and returned to Hazel Green Tuesday. He says that his niece, Miss Dora Swango, who has been so ill for some weeks with typhoid fever, was better when he left there.

Courtney McGuire, who is attending the Kentucky School of Medicine at Louisville, came in Monday and is visiting relatives and friends, after which he will go to Clay City for awhile.
